Versatile Video Magnifier

The SmartView Pocket is a lightweight and compact handheld video magnifier that helps you when things are too small to see and read. Supporting up to 9x magnification and containing powerful features found in products twice its size, the SmartView Pocket is still small enough to easily fit in your pocket or handbag.

Around the home

- Check the instructions on pill bottles
- See the ingredients in recipes
- Find a number in the phone book
- Look at family photos
- Read the return address on your mail

At the store

- Check prices
- Look at laundry labels
- Check ingredients on food packages
- Sign credit card receipts
- Select lottery tickets

Out on the town

- Read theater programs
- Confirm seating numbers on tickets
- Check bus schedules
- Read restaurant menus, even in dim light

SmartView™ Pocket

Clarity

Choose the viewing mode that best suits your needs by selecting from color, B&W or one of the high-contrast modes.

Versatile

Quickly switch from reading to writing with an easy turn of the unit. Nothing to flip, nothing to pull.

Long-lasting

The built-in rechargeable long-life battery means your SmartView Pocket video magnifier is always ready to use. The battery indicator clearly shows when a recharge is needed, yet gives sufficient notice to finish your activities.

Portable

Weighing only 140 grams (4.9 oz) the SmartView Pocket video magnifier is easy to carry wherever you go. It's so small you can always have it handy for quick use.

Easy-to-use

The large, intuitive buttons make it easy to use from the first time you pick it up. Increase or decrease the magnification with simple clicks of a button. A picture-based menu lets you easily configure the unit to your needs. Even freeze the picture for closer viewing.

Easily fits in your pocket or handbag
