Humanware™

**The magnifier
that goes with
you everywhere**

The SmartView Nano goes where you go

The SmartView Nano video magnifier is a handy aid to those dealing with low vision. Small and compact, it can come to your aid anytime, anywhere. Weighing less than 4 oz, it magnifies from 5X to 20X on its LCD screen. Always ready, thanks to its rechargeable battery with auto-shutoff mode. Carry it all day, everyday.

Lightweight

Never get tired of holding it in your hand or carrying it in your pocket.

Powerful

With up to 20X magnification, small print can be quickly enlarged to a manageable size with a simple click of a button. Use the freeze-frame function to capture an image and then bring it closer for viewing.

Handy

Use it around the home for viewing anything small, such as pill bottles, names, and numbers in the phone book, or your favorite recipes. You can also take it shopping to help you see labels, ingredients, and price tags.
